This chart sorts pledges into eight levels and demonstrates the power of many people participating. To date we have collected \$1,076,477 which allowed us to pay off \$492,000 in principal since the start of the campaign. This also reduces future interest expense.

Several parishioners had their employers match their pledges, which so far has raised \$76,720. If you have not yet paid your complete pledge and you work for a matching gift company, you may still have your company match your gift.

In December 2010 and January 2011, individuals who had pledged to Faith In Our Future, which had been closed, gave \$70,000, which is included in the totals.

Also included in the totals are donations from parishioners who did not pledge to the campaign but gave outright gifts totaling \$7,654.
